

Sealegs Appoints 2 new US based dealers

Sealegs Corporation (NZX:SLG) today announced it has appointed Fire Safety and Services Limited and Martha's Vineyard Boat Yard as distributors in the USA.

For almost 40 years Fire Safety and Services Limited is has been dedicated to fire protection and the delivery of products and services around that protection. Chief Executive David Russell recently visited New Zealand to view the product range and factory said "the unique benefits of Sealegs Amphibious crafts will make first responders quicker and more efficient and he looked forward to introducing the Sealegs products to his customers".

Martha's Vineyard Shipyard is a full service, year round, boat yard that has been serving the Cape and surrounding Islands for over 150 years. Martha's Vineyard Shipyard's staff has great knowledge and expertise in boating and marine service and recently delivered a Sealegs 7.1M RIB to the region.

Sealegs CEO David McKee Wright says "the appointment these two new dealers represents Sealegs commitment to focused representation in the United States. Fire Safety and Services limited will represent the rescue range of products to first responders and Martha's Vineyard Ship Yard will leverage the geographic suitability of Martha's Vineyard to clients it has long established relationships with."

Sealegs remains committed & enthusiastic about growing its distribution channel in the USA and has made commitments to attend the Seattle, New York and Miami boat shows.

Thanks & Regards

David McKee Wright
